

TECHNICAL DATA SHEET

Divinol Asphalt Omni SF

Easily biodegradable asphalt agent for polymer modified and OPA-asphalt

PRODUCT DESCRIPTION

- + high effective bitumen release agent
- + based on anionic surfactants and additives
- + non hazardous
- + easily biodegradable
- + Mineral oil and VOC-free (solvent-free)
- + ready to use

CHARACTERISTICS

Colour / Appearance colorless, clear

Density/15°C / DIN EN ISO 12185 1060 kg/m³

Viscosity/20°C / ASTM D 7042 7 mm²/s

Pour point / ASTM D 7346 <-12 °C

pH-value in concentrate / DIN 51 369 7.7

Water hazardous class 1

APPROVAL

Divinol Asphalt Omni SF is easily biodegradable (according to OECD test 301 C).

APPLICATION

27430

06/2023-27430-23

The information contained in this document (the "Product Specification") is based on our present knowledge. They do not exempt the processor or user from carrying out its own tests. Properties of the product going beyond the above-mentioned specifications and/or suitability for a specific purpose cannot be derived from the product specification and are not owed. Any existing legal provisions and regulations concerning the handling and use of the products must be observed by the processor or user of our products. We expressly point out that the owed quality of our product is measured exclusively on the basis of the properties warranted in this document; the fulfillment of additional legal objective quality requirements is not owed. By ordering our product without objection, being aware of this product specification, you agree to it.

TECHNICAL DATA SHEET

Divinol Asphalt Omni SF

Easily biodegradable asphalt agent for polymer modified and OPA-asphalt

Divinol Asphalt Omni SF has especially been developed for stone mastic asphalt (polymer modified asphalt - PMB) as well as for open-pore asphalt (OPA - low noise asphalt). The product is for a wide range of application as well as for all kinds of street rollers (rubber rollers, combi rollers, etc.)

Divinol Asphalt Omni SF does not leave any residues/stains on concrete and asphalt and does not attack asphalt. It is applied with a suitable spray device or with a brush

PREPARATION OF THE EMULSION

Divinol Asphalt Omni SF is used pure.

STORAGE

The product as delivered (concentrate) is frost-resistant.

NOTE / ATTENTION

Only mix with water ! Never dilute with diesel.

Benefit from our service, we will gladly advise you and develop individual application recommendations for your process. Please also note the material safety data sheet.
