

TECHNICAL DATA SHEET

Divinol Bio*-Kettenöl HV

Biodegradable saw chain oil for Harvester based on renewable raw materials

PRODUCT DESCRIPTION

Biodegradable high-performance saw chain oil on the basis of renewable raw materials. Especially developed for heavy-duty chain saws of wood harvesters, where a high viscosity and excellent lubricating properties are required.

Divinol Bio*-Kettenöl HV can be used all year round and has in addition excellent adhesion, wear and corrosion protection properties.

The criteria for the "Blue Angel" environmental label (RAL-UZ 178) and the test requirements of the KWF with regard to suitability for use (Test No. 8016) are fulfilled.

* The term „bio-lubricant“ or „bio“ refers to a corresponding environmental label or a corresponding OECD 301 test.

Pour point / ASTM D 7346	-30 °C
--------------------------	--------

APPLICATION

High-performance saw chain oil for the lubrication of all chain saws. Especially suitable for harvesters. Optimum full lubrication in summer and winter, even under difficult conditions due to high power reserves. The product is stable for at least 18 months if properly stored.

For cleaning the heavy-duty saws we recommend Divinol Gerätereiniger Forte.

NOTE / ATTENTION

Keep out of the reach of children. Make sure that unused quantities cannot leak into the sewage system, waters or soil. Product residues must be disposed of at the local pollutant collection points. Pass only completely empty packages for recycling.

Benefit from our service, we will gladly advise you and develop individual application recommendations for your process. Please also note the material safety data sheet.
