perfumed

APPLICATION

Divinol Alufelgenreiniger is a special-purpose cleaner aluminium and steel rims. Spray the rims and wash off after a short reaction time. In case of extremely heavy dirt use a sponge or brush.

Caution: With BMW motorbikes stains may remain at the unlaquered plastic components of the front axles that cannot be removed. Therefore, Divinol Alufelgenreiniger must here be washed off immediately after use on plastic components.

Benefit from our service, we will gladly advise you and develop individual application recommendations for your process. Please also note the material safety data sheet.
